

# POLAND IN SOUND

**ESNS** 17-20 JAN 2024  
GRONINGEN-THE NETHERLANDS

**MUSIC EXPORT  
POLAND**

Every year ESNS (Eurosonic Noorderslag) highlights the very best emerging acts from a different country, showcasing the diversity of musical talent across Europe. This year, the country is Poland!

Polish music has been recognized and present on world stages for decades, but this year, at ESNS there will be a great chance to showcase those artists and bands who are only at the threshold of a promising career. It is also a unique opportunity for our industry to present itself in all its potential - with festivals, concert venues, institutions and organizations that make us, as a music market, have a lot to offer international partners.

This focus is also an opportunity for us to celebrate the collective strength and potential of the Central and Eastern European (CEE) region. Together, we have so much to offer. Join us for an inspiring event where we can share the experience of music, engage in thought-provoking conference panels, and continue these conversations during the speed meetings and receptions we have prepared just for you.

## PANEL DISCUSSIONS

**18.01**

13:30-14:30

De Oosterpoort – Kelder  
(Trompsingel 27)
